

UndocuScholar Survey
University of California, Los Angeles
CONSENT TO PARTICIPATE

Carola Suárez-Orozco and Robert Teranishi, professors at the Graduate School of Education and Information Studies at UCLA, are the Principal Investigators of the UndocuScholars Project. We seek to identify both barriers and opportunities that diverse undocumented college students experience on college campuses so that programs can be designed to provide better supports. We would like to hear from students about their experiences in order to understand how undocumented status is related to feeling connected to college as well as academic success and wellbeing.

To participate in this project, you agree to complete this paper survey about your experiences in college. In order to qualify, you must meet **ALL OF THE BELOW ELIGIBILITY CRITERIA:**

- 1) **Be between the ages of 18 and 30,**
- 2) **Identify as an undocumented, DREAMer, or DACAmented college student, and**
- 3) **Have been enrolled as an undergraduate student in college in the past year.**

If you have any questions about your eligibility, please feel free to speak to the Survey Coordinator before going any further.

Participation in this research is completely **confidential**. We do not ask you to provide your name or any identifying information. Participation in this research is completely **voluntary**. You can refuse to answer any questions or end your involvement in the research at any time.

Because we will not be collecting any identifiable information, there are no risks, beyond those in ordinary everyday life, in taking part in this project. Approximately 1,000 students will be in this research project. There are also no direct benefits to you participating in this research project; however, your participation may help the researchers learn more about the experience of UndocuScholars and help to inform educational policy and reform.

You will be compensated with a \$20 reward for your time at the end of the completed survey.

If you have any questions or concerns about this research or your participation in the survey, you can contact us at IGE@gseis.ucla.edu or (310) 825-5380. For questions about your rights as a research participant, you may contact the UCLA Office of Human Research Protection Program (OHRPP) by phone: (310) 825-5344; by email: mirb@research.ucla.edu; or U.S. mail: UCLA OHRPP, 11000 Kinross Ave., Suite 211, Box 951694, Los Angeles, CA 90095-1694.
